

Contractor Survey Listings

Last updated: 09/05/24

This listing is a compilation of survey responses from various building associations to date, providing feedback on the licensed contractors they used. Listings are reprinted as provided and not all respondents provided all listing information. Categories are alphabetical. Listings will be updated quarterly.

The listing does not represent recommendations or endorsements by COOCVE, nor is COOCVE liable for the accuracy of the provided information. **We strongly urge that buildings receive proof that contractors have current licenses and are insured (your Board should be named on the insurance) for all contracted work, since that status is subject to change at any time.**

Arborist/Tree Trimming (Also See Landscaping)

Auchter Enterprise Inc.

3656 185th Trail North

Loxahatchee, FL

Phone: 561-718-3709

POC: Rick Auchter

Email: auchterenterprises@gmail.com

Ratings:

I used the company for tree trimming (over 10 ft.) Prompt and timely service, clear bid, respectful clean work.

Rick is very responsive, knowledgeable and helpful.

Tree trimming, reducing, thinning, pruning. Work done well, precise, clean, reliable. (2020 & 2021)

He is probably the best arborist with the most knowledge of any others in the market. His crew performed with precision and left no scars behind. (2+ yrs)

Good pricing. This is a very professional group. Used to thin out our trees and install a root barrier. (2+ yrs)

Manley Trees

Phone: 609-706-7764

POC: Will Sulpizio

Website: manleytrees.com

Ratings:

The Company did an EXCELLENT Job removing a quite huge old Rubber Tree at the south side of the Building as well as Trimming 1/3 of a huge Black Olive Tree in the back of the Building near the South end of the Building at almost 1/2 the price of the next bidder; started on time, following the reception of the permit, finished on time, cleaned all debris all around, EXCELLENT service, workers were respectful and professional, no complaints from owners. (2024)

Southern Arbor Services

POC: Carlos DeLeon **Website:** None

Email: deleondg@bellsouth.net

Ratings:

★★★★★ Carlos was extremely good to work with. His work ethic and his employees are very competent. His concrete work on the building was outstanding. I would highly recommend his company.

★★★★★ The work we had done on our building was very professionally done. Clean and attentive to everything we asked for.

Not rated - This was the year we were to paint the building and catwalks. We decided that it would be cost-efficient to completely renovate the exterior of our building before we did that. DeLeon repaired all our concrete issues on the building and catwalks, removed all the tiles from our towers, removed the tiles from all lobbies. They took great care in protecting residents and their cars and cleaned up after themselves every day. Very professional group and very detailed with their quote. (2020)

 It took many attempts to contact Mr. DeLeon, and ultimately we never got a proposal for needed work.

 Fantastic top quality job with considerate workers. DeLeon completely rebuilt the entire top soffit and fascia overhang of our 24 unit building.

 Carlos took his time to listen and properly evaluate the work we required to be done and to thoroughly explain how he would proceed. He was easy to reach at all times. He respected the proposed timeline and adapted his schedule to accommodate new roofing being done at the same time. He even sent me pictures showing the work progression since I was absent at the time. I would highly recommend him for stucco work.(2024)

 Carlos was efficient, cooperative, willing to take on an emergency and a small job when necessary. Work was completed in a timely manner and cleaned up immediately. Prices were reasonable. Teams of workers were polite, respectful and extremely efficient and detailed. Carlos and his team usually go above and beyond what is expected. He is honest, dedicated to good work and anxious to please his clients.(2024)

 Carlos DeLeón is a knowledgeable, courteous contractor who explains the issues and solutions in a clear way so as to be easily understood. The work was done in a timely manner within the proposed budget. Solutions were provided to address unexpected issues.(2+ years)

 It was a pleasure working with Carlos and his team on our building's structural repairs. The project foreman kept us updated and informed every step of the way and promptly addressed any questions or concerns. The workspace was left clean and tidy at the end of the day. Very professional and reliable company to work with. Highly recommended. (2023)

 I have never worked with a contractor as knowledgeable in their profession as Carlos. Concrete restoration cost went over our proposed budget which was to be expected. When opening areas of the building other areas along the way showed rebar etc. Pictures were clearly shown of the additional work needed. Every window, door, etc. was covered in all areas. Our building was treated with the utmost respect as if it was their own home.(2024)

Hartzell Construction

Pompano Beach, FL

Phone: 866-957-9762

POC: Mike

Website: <https://www.caribbeanelectrical.com/>

Email: mike@caribbeanelectrical.com

Ratings:

Extremely competent Problem solved and fixed immediately (2+ yrs)

Put in our two main panels. fair pricing. also did some individual unit panels.

Many were satisfied, but some had complaints about adjacent walls being damaged and not repaired.

Not Rated - Coming next week to change electrical panel in electrical room; came on Thursday to see, and work being done on Monday; cost \$900 (2022)

Not Rated - Not sure why my comments were not saved on the form but this is what happened. I am highly concerned with their lack of communication. I contacted Mike and we spoke on Tuesday regarding the outlet for the stove in my kitchen. I apologized for not noticing sooner as the work was done in August 2022 but as he knew at the time the work was done I did not have a stove. As I

explained, my brother's wife is mostly blind and prefers the stove with the knobs in front to avoid burning herself. When he sold his condo I gave him my stove so he could take the one he had since I had hoped to get renovations done on my condo shortly. As that has not happened yet and I'm tired of using a hotplate I ordered a stove. When I was preparing for delivery I noticed that the 3 prong outlet that had been there was no longer. It looks like it was covered with a faceplate. I did not ask for this and do not understand why the outlet was touched. I know it makes absolutely no sense that this was done. When I spoke with Mike he promised someone would come by to fix it before my stove was getting delivered. As I explained, I had rescheduled the delivery for tomorrow (Friday) when I saw the outlet was now missing. It is now 5:23 pm on Thursday and when I called around lunchtime to check on the status I was told I would get a call back to let me know what was going on. I did not get a call back nor response to the texts I sent inquiring about status. When I tried to call back it was declined. (I only called on Tuesday to explain the issue and then today at lunchtime to find out status as Mike had promised to fix today - I did not hound them). Between their lack of communication and unwillingness to fix their own mistakes, I would not recommend them or allow them to work within Century Village. I'm happy to provide any additional information that you would like.

TPA Electricians

Deerfield Beach, FL

Phone: 386-503-5502

Website: tpaelectricalservices.com

Ratings:

Fantastic service and owner/techs. Our building had 19 electrical panels installed and they also found and repaired an issue on our roof affecting all the panels. Tony, the owner, responds quickly and the city inspector told me they did a great job on installation.

Quick response to my call for replacement of a damaged electrical box on our roof. However, I was not advised that immediate payment was expected at the time of service. After some conversation, contractors agreed to submit invoice so payment could be made via our management company. Shortly after service was performed, I noticed plastic wrappings for electrical parts floating to the ground from our roof. Upon going to retrieve additional wrappings, I found all the old parts lying on the roof at the work area. I advised the owner that I thought he ran his company in a professional manner and our building would not be using his services again.

Ratings:

Friendly owner, comes in person. No contract-comes in as needed. Does a good job cleaning, fixing, replacing machines. (2021, 2020)

Prompt service and good work (2020)

Reliable. Always there within 24-48 hours. (past 5 yrs)

We own 8 sets of machines and have been using RLM for service for years. Very responsive, knows what he is doing and charges reasonable rates (2021)

Not Rated - Rey ALWAYS gets back to you and makes repairs in a timely manner. Prices are very reasonable.

Discontinued service contract with wash. (2020, 2+ yrs)

Good service for a good price (2022)

Great, prompt, fair. Rey comes quickly and only makes the necessary repairs. (2023)

RCI Painting & Waterproofing

Boynton Beach, FL

Phone: 1-888-724-1414

POC: Wilmer

Website: www.rcipainting.com

Email: roberto@rcipainting.net

Ratings:

Outstanding work. We overspray. Have a textured walkway and stairs and the entire area was papered over to prevent any spills-took quite a bit of time to prepare. Also all windows were covered with plastic so that windows, screens were not subject to any over-spray. Edges between walkway and painted stucco were sharp not jagged. Project Manager spoke English. Was able to generally communicate with the workers. Site cleaned daily. Easy to work with Wilmer, the Project Manager Wilmer

Dry wood termites in locker. Very thorough inspection inside and around building. Price was just under \$6.944 for initial treatment incl. 1 year renewal approx \$700 of this. Was very thorough, inspected attics, took a long time to have a good look around. Provided diagrams etc. Have a 90 day same as cash, no interest program, Overlapped year end and paid out of following year budget. Price was discounted. Other bid was Terminex. Not impressed with rep and the cursory inspection.

Ratings:

Not Rated – Reached out August 2022. This was one of 2 firms that I approached regarding a Reserve Study in September 2021. We did not go ahead, as at the time, we felt that a study in a rising prices market might be exaggerated. At the time, supply chain issues and inflation were not impacting as much as today and we believed prices might stabilize and we could account for price changes in big ticket items, without a formal study. Quoted \$2,250 discounted price (standard \$2,500). Proposal came back signed by Will Simons, RS, President.

Ratings:

★★★★★ March and April 2024 (Status 90% for Roof): Re-Roofing of our Building went very smoothly, doing an EXCELLENT Job; was \$10,000 to \$12, 000 less than the next bidders, Communicated with two reference, President and Treasurer of 12 Association Buildings bigger than ours in Boca, and a a General Contractor that did similar building in 2022, all recommended New Era and were completely satisfied of the company's performance.

Obtained the Permit quickly, City inspector approved the first inspection, waiting for the second City inspection. The second stage is the the installation of the New 6" gutters including 12 Downspouts shall start as per New Era in 10 days, price was at least \$2,000.00 less than the next bidder, EXCELLENT service, workers were respectful and professional, no complaints from owners.

Lake Worth, FL

Phone: 954-275-8268

POC: Danny Stokes

Website: <https://rairoofconsultant.com/>

Email: danny@rairoofconsultant.com

Ratings:

★★★★★ A roof consulting expert, not a repair; the company (along with Duhon Roof Consulting) thoroughly assessed the status of our roof for needed maintenance, remaining life, and moisture penetration (the latter was performed by Duhon); provided an extensive report with photos, and provided quotes for renovating as well as replacing our roof. (2022)

★★★★★ RAI is an expert roof consulting company, not a roofing contractor. They do detailed assessments of roofs and provide a detailed report; we learned what we have, when something needs to be done, what the expert recommends, and estimated budget costs; they also do bid specs, vetting of contractors, and management of the entire project. (2022)

★★★★★ Danny Stokes is the president of RAI. They did a detailed assessment of our roof, provided remaining life estimate and estimated costs for restoration. The report was very comprehensive, including pictures of areas referenced. We now know what we have, what we need to do, and when. RAI is an expert consultant, not a roofing contractor. They also do bid specs etc.

Mobile: 561-719-7088

POC: Carlos Deleon Website: None

Email: deleondg@bellsouth.net

Ratings:

★★★★★ Carlos was extremely good to work with. His work ethic and his employees are very competent. His concrete work on the building was outstanding. I would highly recommend his company.

★★★★★ The work we had done on our building was very professionally done. Clean and attentive to everything we asked for.

Not rated - This was the year we were to paint the building and catwalks. We decided that it would be cost-efficient to completely renovate the exterior of our building before we did that. DeLeon repaired all our concrete issues on the building and catwalks, removed all the tiles from our towers, removed the tiles from all lobbies. They took great care in protecting residents and their cars and cleaned up after themselves every day. Very professional group and very detailed with their quote. (2020)

☆☆☆☆ It took many attempts to contact Mr. DeLeon, and ultimately we never got a proposal for needed work.

★★★★★ Fantastic top quality job with considerate workers. DeLeon completely rebuilt the entire top soffit and fascia overhang of our 24 unit building.

★★★★★ Carlos took his time to listen and properly evaluate the work we required to be done and to thoroughly explain how he would proceed. He was easy to reach at all times. He respected the proposed timeline and adapted his schedule to accommodate new roofing being done at the same time. He even sent me pictures showing the work progression since I was absent at the time. I would highly recommend him for stucco work.(2024)

★★★★★ Carlos was efficient, cooperative, willing to take on an emergency and a small job when necessary. Work was completed in a timely manner and cleaned up immediately. Prices were reasonable. Teams of workers were polite, respectful and extremely efficient and detailed. Carlos and his team usually go above and beyond what is expected. He is honest, dedicated to good work and anxious to please his clients.(2024)

★★★★★ Carlos DeLeón is a knowledgeable, courteous contractor who explains the issues and solutions in a clear way so as to be easily understood. The work was done in a timely manner within the proposed budget. Solutions were provided to address unexpected issues.(2+ years)

★★★★★ It was a pleasure working with Carlos and his team on our building's structural repairs. The project foreman kept us updated and informed every step of the way and promptly addressed any questions or concerns. The workspace was left clean and tidy at the end of the day. Very professional and reliable company to work with. Highly recommended. (2023)

★★★★★ I have never worked with a contractor as knowledgeable in their profession as Carlos. Concrete restoration cost went over our proposed budget which was to be expected. When opening areas of the building other areas along the way showed rebar etc. Pictures were clearly shown of the additional work needed. Every window, door, etc. was covered in all areas. Our building was treated with the utmost respect as if it was their own home.(2024)
